

MEMORANDUM

October 22nd, 2020

TO: Lincoln Municipal Golf Committee
FR: Wade Foreman Business Coordinator & Casey Crittenden, Maintenance Coordinator
Cc: Parks and Recreation Advisory Board
RE: October Golf Report

Golf Update:

Golf Courses finally received 0.35 inch of badly needed rain on the evening of the 11th of October. Unfortunately it came with 60 mph winds and had numerous tree damage. Crews will take several days to clean up tree debris. Maintenance crews finished up aeration and the focus turns to fall projects and equipment and golf cart maintenance. At Holmes we were fortunate enough to have access to dirt/fill brought in for stock piling to build four forward tee boxes. #7 - #11 - #12 - #18. We hope this will help everyone who wishes to hit from the forward tees have a more enjoyable round of golf. We also filled in the back bunker at #8 green. Our goal is to also get the forward tee at #11 Mahoney completed yet this fall. Tree work will be a large part in fall and winter projects. Courses have a good number of pines trees that are dead that will need to be removed and stumps ground. Once that is completed we will make plans for replacement trees. Golf rounds from September continued the trend of above average rounds of golf. Rounds played were 23,924 and the target number for the month was 16,469 as a result golf rounds for September were 45.3% above target. Steady weather, little rain, and no husker home football games on Saturdays' have helped keep rounds going all month long. October rounds are off to a good start with temperatures mostly above normal for the first half of month helping keep golfers on the courses so October could beat target numbers as well. October has a number of corporate golf events scheduled at the courses which will keep golfers coming to the courses.

Capital Improvements Update:

- *Highlands flooring along with restrooms remodel is in early process of gathering costs
- *Pioneers Maintenance Pole Building will have electrical wiring/lighting installed later this fall \$9,049
